As you can see yesterday I have made 60\$ worth of btc on autopilot without lifting a finger!

Don't worry I will show you my secret traffic sources that will bring you referrals on autopilot and make money for life using this [affiliate program](#)!!!

This affiliate program will make you a lot of \$\$\$ because it's for life and it has 2 levels of referrals!

[Share your affiliate link and earn 50% from your team members' escrow fees, and 10% from the people they invite](#)

Ok so what is Paxful all about?

Its a bitcoin exchange where you can buy/sell bitcoins using your credit card, debit card, Paypal, bank account, Western Union, gift cards and other 300 payment methods!

After you sign up its time for you to get some referrals under you!

Let's get started!!!

Method 1

The best traffic that I found for referrals is buying solo ads!

With 40\$ spent you can get 15-40 referrals in 24 hours and here is how I do it and how you can do it to:

Go here: <https://soloadsx.com/> if you don't like the site find another one, this is the one I use!

Scroll down and you will see that they have an average of 0,35\$ per click with a 47% average conversions!

That means if you buy 100 clicks you would probably get 30-40 referrals per campaign!

Just contact the seller that you pick, tell him that you want to promote your referral link from Paxful and you want to see how is the traffic converting into signups!!!

This is the best traffic that I have tried until now!!!

I have made 17 solo ads campaigns and its working great for me!!!

Method 2

This method can get you 3-20 referrals every 2 days!

You will advertise your Paxful referral link via [adfly](#).

I have made 7 campaigns with [adfly](#) and got 90 referrals (60% of the people who signed up are active).

Here is an example of one of my campaigns!

WEBSITE NAME	TODAY DELIVERED	TOTAL DELIVERED	MIN. ORDERED	CPM	CONV.	STATUS				
Buy bitcoin wo...	0	\$0.00	50,100	\$20.04	50,000	\$20.00	0	Approved		
Reference	Country	Today Delivered	Total Delivered	Min. Ordered	CPM	Conv	Status			
#2239143	Proxy Deal	0	\$0.00	50,100	\$20.04	50,000	\$20.00	\$0.40	0	Finished

As you can see above I have bought 50000 views with 20\$!

The campaigns work best on weekends and always select desktop traffic not mobile!

Method 3

This can bring you 5-20 referrals per day!

Its about having a signature on your [bitcointalk](#) account!

If you don't have an account go there and make one!

I always make 15-20 posts per day!

For you to attract attention on your post you need to make it at least 80 characters, good explanation/opinion, no grammatical errors etc.

This is targeted traffic and you would be amazed to see that you will get referrals from there on autopilot just make sure your posts are HQ!!!

Its about free traffic!

Hope you guys like these traffic generation methods to get you plenty of affiliates signed up under you and ensure a lifetime, passive, residual, hands-free income for you!

Now go to make some money!
